Calber Facilities Management Ltd

As a privately owned, family managed company, employing a large staff base, we have the scope, skills and experience to ensure that we can cater for any client requirement in a controlled and professional manner.

Both the directors take a personal interest, combined with a hands-on approach in each and every contract, either by direct communication with the client or through the reporting procedures incorporated as part of company policy.

We take a pride in liaising and working closely with our clients, and responding to their requests in a prompt, efficient and professional manner.

This in turn leads to the support, encouragement and the continued development of Calber by our clients who in turn are, and will continue to be, the strength of Calber.

Health and Safety

At Calber we work with our clients to promote and ensure a safe working culture is maintained by providing suitable systems, equipment and training in order to maintain the safety of our employees, clients and the public.

Calber retains the services of fully qualified Health and Safety consultants to ensure that we comply with current and forthcoming legislation. All Calber clients, employees and sub-contractors are encouraged to contribute constructive suggestions to assist with safe working practices.

Clients are issued with full risk assessments and method statements for all work service areas. COSHH data sheets are supplied for all products and employees are provided with a company Health and Safety manual which is updated to incorporate our clients' individual procedures and site requirements.

Staff Training and Quality Control

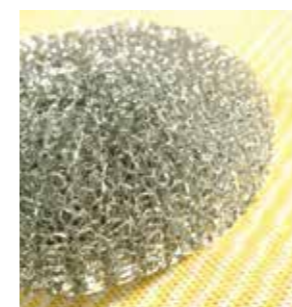

A full training and instruction programme is carried out for all staff to encourage correct working practices, use of equipment, chemicals and materials that they are expected to use as part of their duties. Individual training records are fully maintained and are available if required. We encourage our clients to be fully involved and their recommendations are often incorporated into Calber's training and quality procedures.

Calber Commitment to our Clients

Calber aims to conduct its business in a professional manner and to honour our contractual obligations. We aim to liaise fully with our clients, listening to their wishes so that we form and maintain a close working partnership which is based on a bond of trust and goodwill.

The Calber Industrial Supplies division offers the complete solution to caring for your working environment

The Industrial Supplies division of Calber Facilities Management can assist you with all your day-to-day cleaning products and janitorial supplies.

We offer a free delivery service throughout Oxfordshire, Berkshire and Buckinghamshire to suit client requirements.

In addition to our janitorial supplies we can offer general office supplies including stationery, catering products, water coolers, all aspects of packaging and pallet wrap, feminine hygiene requisites and a vending service for washrooms. Calber can also install and service vending machines for food and drink service areas and water management systems as required.

Calber also supplies new or reconditioned vacuum cleaners, floor maintenance machinery, scrubber driers, carpet cleaning equipment and a full tool and plant hire service. These services are supported by our maintenance team who will also carry out servicing and repairs to clients' own equipment.

Calber Industrial Supplies

The Industrial Supplies division can, if required, assess your on-site requirements, providing advice on the best products available and suitable alternatives, often producing financial savings.

We can provide an on-site stock control system which we can manage on the client's behalf. If storage is a problem we can arrange for stock to be held in our warehouse which can be called off and invoiced as required, allowing the client total flexibility on stock holding. This service and delivery of our products is provided free of charge.

Paper Consumables

We offer a full range of paper consumables to complement any working environment - washrooms, kitchens, clinical areas, factories, clean rooms and offices.

Paper products supplied include towels, tissues, toilet rolls, catering rolls, clinical couch rolls and industrial wiping systems which can be lint free if required.

Janitorial Supplies

Calber can provide a full range of janitorial and specialist products for clients' day-to-day requirements. The vast range of products we can supply includes industrial cleaning chemicals, materials and equipment, floor maintenance and industrial cleaning machines, floor coating products, paints, detergents, catering equipment and materials. All chemicals are provided with the relevant data information sheets.

Packaging Materials

This specialised area of our service can assist with the full packaging supply requirements for your offices, stores, post rooms and distribution outlets. The range covers tapes, bubble wrap, shrink wrap, polystyrene chips, jiffy bags, foam polythene, cardboard and plastic boxes, paper, plastic bags, catering films and packaging, waste sacks and liners through to personalised boxes, containers and packaging.

Laundry

Calber can arrange a service to suit each individual client's operational requirements, from the daily replacement and laundering of tea and hand towels, through to the provision of a full scale washroom, kitchen laundry, uniform, overall and bed linen laundry.

Office Supplies

Whether it be daily office stationery, a new desk, chair, filing cabinet, internal or external waste bins, we would be happy to assist. All office supplies are delivered free of charge.

Water Coolers

We supply and install mains fed chiller units on a purchase or rental basis which can dispense ambient, chilled or hot water. These units are extremely cost effective and have assisted clients in reducing spend and combating health and safety issues.

Alternatively, we can provide bottled water coolers and bottled water if preferred. All units are delivered and installed free of charge and a full maintenance package is available. A full range of cups, cup dispensers and consumables is also available.

Vending Machines

A range of machines to vend cold drinks, snacks or washroom requisites is available to rent or purchase. These machines can be fully stocked and serviced with a full back-up maintenance package if required.

Office Catering Supplies

From cups, plates, cutlery, serviettes, tea and coffee through to dish cloths, tea towels, detergents, rinse aid and dishwasher salt, all these can be supplied via our warehouse at Challow. As with our janitorial products, these are all delivered free of charge.

Calber Facilities Management Ltd

Some of the many services that Calber can supply are listed overleaf. Full details can be obtained by contacting us on 01235 831675 or by emailing us at info@calber.co.uk. We will be happy to arrange a visit by one of our friendly team and look forward to receiving your enquiry.
